Summary

Enthusiastic and self-driven Computer Science student passionate about learning emerging technologies like Al and Machine Learning. Committed to innovation, teamwork, and contributing meaningfully to the tech community.

Experience

Aug 2023 – PresentStudent, B.Tech CSE (AI/ML)Uttaranchal UniversityDehradun Currently pursuing a Bachelor's degree in Computer Science and Engineering with specialization in Artificial Intelligence and Machine Learning. Actively learning Python, Web Development, and AI/ML concepts. Working on academic and personal projects to strengthen technical problem-solving and programming skills. Jun 2025 – Jul 2025Prompt Engineering Intern (Certified)Internshala Trainings / Skill India, NSDC Completed the "Prompt Engineering for GenAI" certification with 98% score. Learned to design effective prompts for AI tools and large language models, improving productivity and automation workflows.

Projects

2025–Hand Gesture Detection using Python and OpenCV Developed a real-time hand gesture recognition system using Python, OpenCV, and MediaPipe. Implemented hand tracking and gesture detection to control system functions using webcam input. Enhanced understanding of computer vision, image processing, and human-computer interaction. **Technologies:** Python, OpenCV, MediaPipe, NumPy

Education

2025 - present	B.TECH (Computer science) at **Uttraanchal University**	(GPA: 7.80/10.0)
2024	Class 12th CBSE Board	(B+)
2022	Class 10th CBSE Board	(A)

Skills

Some Skills	Programinng languages - Python. Web development, prompt Engineering.
Some More Skills	Team working , Good communcation.
